

Performing for the ST3 Interview in Plastic Surgery

'Mock Interview Day'

surgical-art.com

Full simulation (except the portfolio station) of the interview by an experienced panel

Feedback from Consultant, Registrar & Communication expert faculty

Surgical Art's unique Body Language and Strategy input

Thursday 28th March 2019

For candidates preparing to take the ST3 Interview in Plastic Surgery

At Surgical Art we believe that the ST3 interview does not just identify a potential Registrar, rather a future Consultant. This half day Mock Interview, aimed at those preparing for the ST3 interview in Plastic Surgery, has this philosophy at the centre of its delivery. You will go through each element of the OSCE, Clinical and Structured Interview stations, with detailed bespoke feedback on your performance.

This comprehensive programme enables previous delegates (Surgical Art Performing for ST3 interview in Plastic Surgery 2 day course) to practice the techniques learnt and new delegates the opportunity to prepare for the interview within this unique framework. It will provide last minute critical feedback to help you perform at your best on the day, displaying your strengths and maximising your chances to succeed.

Course Fee: £200
(Discounts do not apply to this course)

Booking: info@surgical-art.com Venue: Hope Street, Liverpool L1
